## THE MARY VIRGIN DISTILLED BOTANICALS

MADE WITH ROSE GERANIUM AND FYNBOS.

*In 1827 the legendary hero John Ross set out on foot at Port Natal, leaving behind his ship "The Mary" which was stranded in the bay. He needed to obtain medicines & vital supplies for his crew-mates to survive the trying conditions of the tropical East African Coast. On his journey to Delagoa Bay, he experienced the natural healing properties of the abundant South African botanicals. He discovered that the botanical extracts did not only provide nourishment, but it was also an elixir of life.*

*We are a non-alcoholic beverage producer. This means we select natural ingredients & botanicals, distilled together with mountain spring water to form the perfect non-alcoholic gin. We aim to supply tonic to the discerning gin drinker. We pride ourselves on delivering a consistent premium tonic mixers using all natural ingredients.*

### INGREDIENTS

Naturally distilled essence of juniper, coriander, lavender, angelica root and lime. Top notes of Rose Geranium and Fynbos and coloured luxuriously pink using natural anthocyanin.

### ANTHOCYANIN

Anthocyanin is a colour pigment found in grapes and berries. This pigment is pH sensitive and varies accordingly from blue to pink. Anthocyanin molecules are sensitive to UV light, thus this product may fade in colour. This does not effect the flavour and is part of the beauty of being completely natural.

PRODUCT OF SOUTH AFRICA

### SERVING SUGGESTION

Take a cold wine glass (or glass of choice).  
Add ice, the larger the cubes the better.  
Add some John Ross (50ml) and squeeze a lemon wedge over the ice and drop it into the glass. Add ice cold Barker & Quin Finest Indian tonic water and squeeze another lemon wedge & drop it in the glass, stir briefly.  
Sit back & enjoy!

### COLOUR, AROMA & FLAVOUR

The Mary has a beautiful colour as a result of using natural anthocyanin pigment. The classic rose water almost Turkish delight bouquet is supported by the juniper and fynbos characters and makes for a floral driven, yet complex experience. This is a very refreshing combination with the tonic water of your choice. A sophisticated and adult alternative for the non-alcohol consumer.
